From the Executive Director’s Desk

Dear Members,

We value your continued patronage and truly appreciate your proactive feedback that has helped us further improve our services.

Improvement is a continual process and our aim has been to strive for excellence in all our areas of operations. Training of staff to improve their skill-set has been one of our priorities.

We have also been regularly reaching out to our members with a wide range of events and promotions aimed at a wholesome experience for the entire family and are happy you have been enjoying them. In order to further improve member engagement, we have launched a couple of new initiatives. The first is the Mobile App for home delivery. The pilot project has already been implemented in Melting Pot at the Woodrose Club. Based on guest response this will be rolled out across our other clubs. We request members in Woodrose and Augusta Clubs to download this App, which is available for both Android and iOS platforms and make full use of this facility.

The second initiative has been the recent launch of an online guest feedback system at all our clubs. Your feedback is now collected through Mini iPads and reaches the concerned managers in real-time. We are therefore able to immediately address your concerns and significantly reduce the time for complaint redressal.

We are working on several other initiatives for our members and do believe these will add further value to our association.

Please do keep writing in with your inputs and suggestions.

Warm Regards,  
Vineet Verma | Executive Director | Brigade Hospitality Services Ltd.

From the Editor’s Desk

Dear Members, Readers and Guests,

It gives me great pleasure to announce the launch of “Celebrations” - a catering and event management initiative. The scope of Celebrations will encompass 3 main focus areas:

- Outdoor Banquets
- Corporate Cafeteria Management (Industrial Catering) and
- Event Management (for corporate and social functions)

Given that there are so many reasons to Celebrate, be it professional or personal, we figured that a great value add for customers would be to manage these events and cater to the needs of the organisers to ensure that Celebrations are hassle free. We have created a specialised team to help our customers with a wide range of events ranging from birthday parties to weddings to corporate lunches and cocktail dinners.

As another value add for our members, we conducted multiple coaching classes for swimming, table tennis, dance and others to ensure that our junior members would be gainfully occupied during the summer holidays.

In response to the member feedback we have received, we revamped the menu at Southside Café, Regent Club. We are also making better use of the Wine Lounge at Regent Club by converting it into a Tea Lounge during the day, offering members another space to unwind. Lastly, we launched the Health Bar at the Woodrose Club to give our members a healthy food and beverage option, keeping their health and wellness in mind.

Please continue to write to us at [feedback@brigadehospitality.com](mailto:feedback@brigadehospitality.com)

Customer’s Speak

Hi Charu, Gurmeet and Raghu,

I know I have said thank you a number of times for all that you’ll did during Anushree’s wedding but I had to do it one more time. Over the last six months I have been to a number of weddings where I meet people who have come to Anushree’s wedding. Everyone seems to compare the food, arrangements, quality and ambiance with that of ours and others fail to come up to that level and they are all praise about our event. Mehendi was the highlight and the reception dinner is still the talk of the town. I know nothing would have been possible without the personal touch that the three of you along with Nagesh and Nandish gave for the event. I really feel proud and blessed to be associated with you all. A heartfelt thank you to all of you. Keep up the good work.

Regards,  
Jyoti Venkatesh, conducted her daughter’s wedding at Woodrose Club

We look forward to more programs at your venue in future.

Regards,  
Maj. Kunal Kuttappa | Director Administration | Indus International School, Bangalore

## Roots by Alex Haley – Recommended by Shakti S Putra

**Roots** - The saga of an American family is a book written in the 1970s by Alex Haley. The book begins with the birth of Kunta Kinte in the little village of Juffure in Africa. The book spans 7 generations and 2 continents. The sounds, the images, the smells described by the author, transport the reader to a completely different world! The protagonist is captured by the slave traders and brought to America and sold as a slave in the slave market. It explains the

inhuman treatment meted out to slaves. In the background, the change in the way Kunta thinks as he grows up is brought out subtly. The whole book is written in a very simple way (i.e without exaggerating the deplorable condition of the slaves) so it has an even greater effect on the reader's mind. It deals with the changing views of subsequent generations on society.
